ONE

FASTENERS

- No Pre-Drilling Required
- Faster Installation
- Suitable for high-wind zones

Installation

- Allow 7 Fasteners per lineal metre of sheeting
- Built-in cutting device oversizes the roof sheet penetration, eliminating the need to pre-drill an expansion hole
- Suitable for fastening all fibreglass, polycarbonate and PVC roofing to timber and thin metal purlins.
- Fully Compliant with AS3566

Recommended for Fixing

Fibreglass & Polycarbonate Profile Roof Sheeting

Available in

- 14g x 50mm with 26mm DEKS EPDM Washer
- 14g x 65mm with 26mm DEKS EPDM Washer
